Problem Statement:- E Waste Facility Locator

SUMMARY

As a passionate and dedicated front-end developer, I bring a strong mix of creativity and technical expertise to my work. My experience spans in designing and implementing user-friendly web interfaces using HTML, CSS, JavaScript and modern frameworks like React and Angular. I excel at creating visually appealing, responsive and accessible websites that deliver an exceptional user experience.

Throughout my career, I have consistently demonstrated an eye for detail and a commitment to delivering high-quality work. My ability to collaborate effectively with cross-functional teams has enabled me to contribute to successful project outcomes and meet customer expectations. I thrive in a fast-paced environment, constantly learning and adapting to new technologies and trends.

Along with my strong problem solving skills, proactive approach to challenges, I have earned a reputation for reliability and innovation. I am passionate about creating seamless digital experiences and am always eager to take on new projects that push the boundaries of front-end development.
